I would like to let you know how much we enjoy Harlequin's Silver Moon. He has wonderful ground manners! He even stands right where I left him when I go to the garage for the mounting block. I don't work on ground tying at all.

This year he has 6 points in Color breed halter. The Indian Horse Assoc. said if you'd give me a bill of sale they will transfer the records to us. I am using his registered name at shows. Could you please send me a bill of sale?

Thanks so much!

P.S. "Whip" stands 14.3 hands. We measured him today. Thought he was taller - he's a good SOLID HORSE.
